*History of Moravian Music*

Well it's official, all across the Province, we celebrated our traditional Moravian Music Sunday on May 19, 2019. Also, I hope you've noticed that each month this past year, we have been selecting and singing during worship a "hymn of the month." Along with this, we have been giving you an insert to explain the hymns' origination. I personally have enjoyed reading all this insightful information; as I hope you have. So, this month of June, I decided you might like to learn more about the history of Moravian Music.

For Moravians, music has always been considered a necessity of life, not as a cultural veneer. Many Moravian clergy and lay people in the eighteenth century were trained in music by the same composers who influenced Mozart and Haydn; thus they came to the New World fully conversant with the taste and practice of European classicism.

Instruments came to America early with the Moravians; by 1742 Bethlehem had flutes, violins, violas da braccio, violas da gamba, and horns. These instruments were played not by "professionals" but by accomplished amateurs, who enjoyed orchestral, and chamber music as well as accompanying vocal solos and anthems for worship. Of the music written by Moravian composers, by far the greater portion is what today is called "sacred" — anthems and solos for liturgical use. However, they did copy and collect thousands of works, vocal and instrumental, by their contemporaries in Europe, for use in worship and in the life of the community. Visitors to the Moravian communities were consistently high in their praise of Moravian musical activities.

Hymn-singing is a large part of Moravian worship, as our hymns express and form our faith. Trombone choirs and church bands play chorales to announce special occasions and accompany singing at outdoor services; some still play from the belfry of their church for special occasions or to announce the death of a church member.

The Moravian musical heritage from our past is an important piece of musical and cultural history for several reasons: First, because of its craftsmanship, musicality, and sincere

portrayal of spiritual values. As written for capable amateurs, it avoids virtuosic display, but it is far from simplistic or condescending. Second, this music represents the finest body of music written or performed in America during the eighteenth and early nineteenth centuries. Third, the Moravians performed the best of European music, often prior to performances of the same works in larger American cities. There is no doubt that the Moravians were aficionados of the finest in contemporary music from Europe and America.

The Moravian musical heritage is alive and well in today's Moravian Church, with lively congregational singing, church bands and trombone choirs, vocal choirs, handbell ringers, music education, and community musical groups. Moravian composers are continuing to write music and hymns for today's needs, and music continues to be a necessity of life.

### *The Moravian Music Foundation*

The Moravian Music Foundation (MMF) was founded in 1956 to preserve, study, edit and publish the music retained in the Archives of the Moravian Church in America, including some 10,000 manuscripts and early imprints of vocal and instrumental music, sacred and secular, from the sixteenth through twenty-first centuries. MMF is responsible for many first modern-day performances of music from the eighteenth and nineteenth centuries. The Foundation publishes vocal and instrumental music, produces recordings, sponsors the quadrennial Moravian Music Festivals, and serves as a resource for church musicians, scholars, performers, and students worldwide.

The Mission Committee announces a new project for June in where New Hope will partner with Exodus Homes of Hickory, a faith-based United Way agency, which offers

support to homeless and recovering individuals returning to our community from treatment programs and prison.

New Hope members are asked to donate these requested items in good condition without need of repair:

- Household items of all kinds
- Dishes, silverware, glasses, pots/pans, other kitchen, etc.
- Linens, pillows, comforters for beds
- Shower curtains, mats, towels and washcloths
- Recreational equipment/games and board games
- Kindle/Nook readers
- Microwave ovens
- Clothing/shoes (seasonal): Mission Committee requests clothes be sorted as to men/women/child and folded neatly in box or bag
- Tools, lawn equipment, car washing supplies for Exodus WORKS

Furniture and washer/dryers are also on their Wish List if members want to arrange for a pick up at your home. (324-4870)

Similar to giving during the 40 days of Lent, we are suggesting that individuals donate at least 30 items representing the 30 days in June. Use this as an opportunity to declutter cabinets, closets, basements, garages and give of our abundance to help others.

**Saturday, June 29** is the day to bring your donations to New Hope for the Exodus Homes pick up. **Time TBA but it will be morning.**

You will be asked to sign up on the bulletin board that you are planning to participate so we have some idea of the quantity of items to expect.

## Our RCC Joint Mission Project Begins: Update 5/22/19

*New Hope has joined forces with our Yadkin View RCC churches for Disaster Relief by assisting with rebuilding a home devastated by the hurricanes and flooding in Eastern NC. Many were still not back in their homes or had severe safety issues when this most recent tragedy occurred. Yadkin View consists of Clemmons, New Philadelphia, Macedonia, and Unity Moravian Churches.*

### **Step One: Visit Area and Select Home to Adopt for Rebuild (Done)**

Pastor Chris Thor of Clemmons Moravian and Kenneth Langford, our project coordinator took trip to the Lumberton area to obtain a specific home to adopt. Met with the couple that are the Onsite Supervisors United Methodist Disaster Relief in the Lumberton area for all coordination of reconstruction/repair in the area. A line of communication worked out and a house selected.

### **Step Two: Meet and learn more about the home owner (Done)**

It's Mr. James (Butch) Freeman. He prefers "Butch" and is a very humble soul. As a plumber by trade Butch will be actively involved in the rebuilding of his home with us and is so thankful that help is on the way. Butch's current damaged home is located adjacent to a home where Butch grew up and has lived all of his life. The need to stay there on that property is very important to him. Butch has already begun clean up, etc.

### **Step Three: Removal of Asbestos and Demolition of the House (Done)**

We are pleased to announce that the Mayor had the City of Lumberton take care of asbestos removal and demolition of the current home. They removed all the remains of that process from the property all at NO COST!

### **Step Four: Take Down Dangerous Trees and Removal from Property (Started)**

While there the City crews took down 2 very large trees that were a hazard to the home and power

lines. It will be our responsibility to cut up and remove the remains. Home owner Butch has already started working on smaller limbs and is offering the wood to friends if they come help. May be all gone by the time our crew gets down there. NEEDED: Folks with chain saws

**Step Five: Dig Footings (Done), Pour Footings (5/20-21 by Methodist Team),  
Pour Foundation Walls (5/17/19)**

After the floods new regulations have been put in place. The foundation of this home has to be elevated to a height of 6 feet via city and county code permits with drains built into the foundation so that if another flood comes it will not damage the home. Likewise all HVAC systems and duct work is to be put in the ceiling to protect the home for future generations, etc. A local group, plus another mission group are covering this part of the project for us.

**Step Six: Our RCC Work Crews Go Down to Assist in Different Ways in  
Following Order:**

People trained or licensed in these areas will be primary builders in those categories, however other skilled folks are needed to work under them. All level of skill is needed from those that have professionally worked in these areas all the way down to folks who just pick up & straighten up as the work is done, to running errands and to prepping meals, etc. Everyone volunteering will be a valued member of the team.

**1-Framing- (Begins Sat, 6/10 & take about 3 weeks. Go anytime during this  
Period)**

**2-Roofing**

**3-Exterior doors and windows**

**4-Ruff in electrical**

**5-Ruff in plumbing**

**6-Sheetrock**

**(Items 3-5 can all be going on at the same time)**

**Step Seven: Save These Dates to Work:**

**Reserve Saturday June 8<sup>th</sup> and 15<sup>th</sup> for work days.** These are all one day trips. Workers are needed all through those weeks and more as well. (We already have 3-4 interested in one of the dates)

For overnight stays, the Methodist Church has an area set up for work teams to stay. Full kitchen for food prep for those going down to do so. A Moravian Church trailer that sleeps 6 will be available also.

Two of our churches have busses for any who wish to ride together. Carpooling also. Bring favorite tools if want to. They will have some on site.

As you have people interested, email Kenneth Langford at [mklankford@roadrunner.com](mailto:mklankford@roadrunner.com)

**Step Eight: How New Hope Members Can Participate**

First select a New Hope Coordinator. Individuals may wish to physically go and work on a team. Some may wish to provide meals for workers. Others may have access to resources or professionals that are needed or could help. At the very least, financial contributions can be a blessing. And of course pray without ceasing.

**Step Nine: How Is This Project Funded**

The Board of Elders has established the Disaster Relief fund. Half of Christmas Eve Lovefeast offering is in this fund (the other half going to ECCCM per usual). Individuals and groups may

contribute to the Disaster Relief Fund making sure to designate it for that purpose. Funds for this cause will continue to be collected at least until project concludes. This is in process now. All RCC Churches are raising funds to cover the cost of this project. Grants and other sources are being researched. If you have any contacts or ideas, please notify your RCC Reps.

*Thank you for giving this mission of mercy project some serious thought and prayer.*

*Your 2019 Yadkin View RCC Reps: Pastor Betty Helms, Malissa Bumgarner and Pat deBloise.*

*Latest info from Langford: 5/22/19*

## Church Cleaning

Please consider signing up clean the church. For many years this has been done by volunteers. We truly hope to continue this way in order to not have to add another expense to the budget. This only takes an hour or so each week.

Cleaning can be done anytime towards the end of the week or Saturday. If you can only manage to do this one or two weeks of any particular month, that is fine. Just put your name by the week you can on the list on the board and state “only”. That way we know you are not taking the whole month.

I will be glad to meet with you to show you what is to be done and where the supplies are. Please feel free, if you wish, to bring your own. **NO CHURCH KEY.....NO WORRY**. Arrangements can easily be made to let you in.

Want you help us keep this house of worship looking good for all who enter here to worship.

**Introducing June's Hymn of the Month**  
**“Hail This Joyful Day's Return”**  
**Tune: Sonne der Gerechtigkeit**  
**# 375 Moravian Book of Worship**

The text for ***Hail This Joyful Day's Return*** is attributed to Saint Hilary of Poitiers, from the fourth century and was translated by Robert Campbell. It is set to the tune *Sonne der Gerechtigkeit* adopted by the Bohemian Brethren in 1566 for their *Kirchengesang* hymnal and arranged by Jan O. Bender.

Saint Hilary (Hilarius Pietaviensis), born about 310 and died about 360, was a sacred poet and theologian and a Gallo-Roman Doctor of the Church. He was born of heathen parents into an illustrious family of great wealth and received an excellent classical education. Early in life he married and had a daughter; then about 350 he, along with his wife and daughter, renounced the religion of his family and became devout, devoted Christians. He was the first Latin writer to introduce Greek doctrine to Western Christendom. Probably the earliest hymnist, he composed a book of lyrics about the year 360. Most of his writings perished; only about 8 hymns remain. Saint Hilary's name comes from the Latin word for happy or cheerful.

Saint Hilary's Latin text was later translated by Robert Campbell (1814-1868), a Scottish lawyer who was born in Trochraig, Ayrshire. Campbell was originally a Presbyterian before joining the Episcopal Church. Then later he became a member of the Roman Catholic

Church. Campbell wasn't much known as an author, but some of his hymns have been adopted in several hymnals. He was also an advocate for the education of the children of the poor.

*Sonne der Gerechtigkeit* was originally the tune to a fifteenth-century folk song. It was changed from the folk/court use to church use and was adopted by the Bohemian Brethren for publishing in 1566 in their *Kirchengesang* hymnal. The *Sonne der Gerechtigkeit* tune also appears on page 216 in **Moravian Book of Worship** in the Communion Service in Celebration of the Resurrection with the text for *At the Lamb's High Feast We Sing*.

The harmony for the tune is arranged by Jan O. Bender (1909-1994) who was born in Haarlem, Netherlands. He later moved to Lubeck, Germany to study organ, conducting and theory. After serving in the military during World War II, he served as a visiting professor and organist at Valparaiso University in Indiana and the University of Denver. In 1960 he immigrated to the United States, living in Seward, Nebraska where he was a teacher. In 1976 he retired to Hanerau, Germany where he lived until his death in 1994.
